**INTERFRATERNITY COUNCIL & PANHELLENIC COUNCIL**  
**SOCIAL EVENT POLICY**

**PREFACE**

It is the purpose of this University and this Greek Community to promote responsible decisions and healthy choices during the collegiate experience. The Interfraternity and Panhellenic Councils of Michigan State University have created this document with the purpose of providing assistance and awareness for safe and enjoyable social event practices and promote self-governance amongst the Greek Community.

It is the intention of the Interfraternity and Panhellenic Councils to promote the safest atmospheres possible for both the chapter members and their guest(s). We want to ensure the safety of fraternity and sorority members, as well as decrease liability risks for all involved parties including: chapter officer(s), members, member's parents, advisors, house corporation boards, and Inter/National organizations. Finally, we aim to elevate the standard of Greek men and women by supporting their actions as well as encouraging them to represent the Greek Community with pride and dignity.

Both the Interfraternity and Panhellenic Councils operate in compliance with the North American Interfraternity Conference (NIC). All social events involving Greek organizations must abide by federal, state and local laws as well as university regulations imposed by Michigan State University. Our policies mirror the NIC guidelines and aim to protect our Greek organizations as well as promote improved risk management practices throughout the general membership of the Greek community.
